**cRESULTS OFFERING WEBINAR: MANAGING BATCH RECORD RELEASE
AND OVERALL QUALITY ASSURANCE EFFICIENCY**

Somerset, NJ, March 17, 2008 – cResults Consulting, providing operations management services focused on operational excellence, manufacturing, quality operations, and supply chain management, today announced a webinar to demonstrate how Compliance Manage Efficiency (cME) can help manage batch record release and quality assurance (QA) efficiency.

cME is a web-based application that creates a continuous improvement infrastructure for QA organizations. It was developed to help pharmaceutical and biotechnology companies improve QA efficiency, improve visibility, increase value-added compliance, accountability and ownership. cME also aims to provide robust reporting and trending capabilities and reduce reporting time and data collection time.
